EDUCATION AND TRAINING

1 SEP 2019 – 1 JAN 2025 Vila Nova de Gaia, Portugal
BACHELOR'S DEGREE IN COMPUTER ENGINEERING Instituto Superior Politécnico Gaya

Level in EQF EQF level 6

SKILLS

Java (computer programming) | Python (computer programming) | PHP | TypeScript | SQL | Javascript (ES6) | MongoDB | Express | React | NodeJS | HTML & CSS | Agile methodologies (Scrum)

PROJECTS

Coffee Listing

This is a simple app where users can explore a collection of coffee products. The app displays detailed information about each coffee, including an image, description, price, and whether it is available or out of stock. The user can filter the coffee list to view all products or only the available ones. Each coffee has a rating and the number of votes it has received, displayed with a star rating system.

Todo List

This is a simple to-do list project developed with React, Zustand, and TypeScript. It allows users to add, delete, and mark tasks as completed, using the Zustand library for easy state management.
